Bolinda Primary School is rather unique. Due to our geographical location between Riddells Creek and Romsey on the Romsey Road, we are able to offer an alternative education choice to the wider community. Bolinda provides a secure and rewarding curriculum that strives to meet the needs of individual students. The rural outlook of the school engenders pride, warmth, a sense of belonging and a strong partnership between home and school.

The school has served the rural community since 1870 when sheep and cattle farming were the main occupations. Although farming is still carried out by some of our families, most parents now commute to larger towns or Melbourne for work.

Our door is always open and we invite you to come along and have a look at our school. Ring to make an appointment and we’d be happy to show you around.

Prep enrolment sessions are conducted in 4th term for prospective students and new Prep children attend an Orientation Day in December. For more information contact the school.

You too could be part of the picture!

Principal Mr. John Mackintosh
Come and join us for......

- a read of a good book.
- an early morning walk.
- a spot of gardening.
- a cultural experience!
- a game on the new court.
- the challenge of chess.
