Principal's Report

I am writing this report in the staffroom looking out at an empty carpark at the time when students would normally be flooding in to start their day. The sky is grey and dark and there is that ominous feeling in the air again.

Our lives have once again changed and students, families and schools have had to pivot to ensure continuity of learning.

I for one am proud to be part of Bolinda PS during this time. We care for one another, we work hard for one another and we talk with our community about what is best for our kids. When I started at Bolinda, the first batch of 2020 restrictions had just begun and I only knew families from the few that called the school when they needed help. You all took time to get to know me and I took time to get to know all of you.

Please know that I want all of you to refrain from being a stranger during this time. If it is only 7 days, I'm sure we'll be ok. We can do this! We have endured much longer restrictions and succeeded in facilitating learning for students by working as a home-school partnership.

We are here to work with families to ensure the best outcomes for our students. The same arrangements we had last time apply this time around.

Many calendar events have been cancelled including Interschool Netball, local professional learning for staff, working bee, kitchen garden, netball coaching and the Biggest Morning Tea just to name a few.

I will be onsite supporting our students whose parents are essential workers and also supporting my Wednesday class to achieve their learning goals. Please contact me if you need to.

Essential Education is a reason that you can leave home. If you need library books, resources for home learning or to pick up materials required by the teacher, feel free to come to school for these reasons. Please send an email or a UeducateUs message if you are coming down. All teachers will communicate with their families should they require a pack to be collected to support their weekly program.

School's out is available to students who attend for onsite supervision. Contact Schools Out to book in.

Take care.

Jayden.
